BARBOURVILLE, KY., FRIDAY, DECEMBER 3, 1920

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

## REVENUE OFFICERS START BAIL, ROLLING

Citizens of Middlesboro woke Monday morning to find that the revenue officers had been here and then the assistance of Policeman Cherley Yearry and Deputy Sheriff Capt. Ashby DeBusk, proceeded to clean up some of Middlesboro's back alleys so much talked of and what is causing all this trouble in Middlesboro.

Deputy U. S. Marshall Winfrey, Kavanu and "Ded" Stewart came in on 23 Sunday evening and met DeBusk and Yearry and went to the home of Bruce Hill, where they found a still under his floor in operation. They arrested Hill and Vic Evans on the charge of moonshining and confiscated the property where the still was located, which will be sold and the funds turned in to the Government. Hill and Evans were taken before Commissioner Rollins, where they were released on bond to appear in Federal Court at London. On returning from this raid the officers ran into an auto loaded with drunken negroes and booze. They arrested all that were in the car, seized the car and will sell it. They were all taken to Pineville and placed in jail being unable to fill bond.

This is the first real move to clean Middlesboro up and it is hoped by the good citizens that it is kept up until the last law violator is punished or forced to quit violating the law.—Three States.

## J. R. MURPHY TAKES CHARGE

J. R. Murphy has taken charge of the Red Cross Roll Call drive. Give him all the help possible. Let us put the drive over. Barbourville citizens will be blessed in the same ratio in which they bless others by giving of their substance. The world is full of frightful suffering and the we may close our eyes and ears, it still exists. Men, women and children, absolutely blameless so far as the world tragedy was concerned, are suffering and dying. We are our brother's keeper since the Almighty is Father of us all. Let us give as we may to the Greatest Mother in the world, the Red Cross of Peace as well as of War, and the blessing of God will fall upon us.

Let us also help put the Roll Call over. Personal work will be necessary.

## NEW YORK STORE WILL MAKE CHANGES AND ADD FEATURES

Mr. Sherman, of Baltimore, senior partner in the firm of Sherman & Cawin, is here and will stay until after the inventory is completed.

It is the intention of the firm to make some radical changes in its business. Among those contemplated will be the building of a new and modern front to the present building, the putting in of an elevator and the probable use of the third floor for ladies' apparel and also a fine line of furniture. When complete the members of the firm think they will have a store and stock without an equal in any town the size of Barbourville in the State of Kentucky.

## UNION-LONDON

Union College met S. B. M. S., of London, Thanksgiving night with a record attendance to witness the game which was to decide the heat two out of three games. The visitors were husky and brown as berries. However, Union scored almost at the start and for a time it looked as if their speed would carry all before them. The visitors had a few tricks in stock and brought them into play so that the first half was a tie—11 to 11.

The second half opened with another burst of rapid scoring by Union, but London got together and not only kept the ball pretty much out of their territory but managed to score several goals in succession. Union played hard, but the final score was 26 to 20 in London's favor.

## PATTERSON-EPPERSON

Miss Effie May Epperson, the charming young daughter of Rev. W. N. Epperson of Girdler, and Garrard Patterson, of Heldrick, were quietly married November 25th, Rev. Thomas Barnes officiating.

Miss Epperson has been teaching in the public schools of Knox County and Mr. Patterson is a prominent farmer. We wish them success and happiness thru out life.

## TO CORRESPONDENTS

Kindly send news so it will arrive at this office Tuesday. If something out of the common occurs afterward write particulars and the word "Special" at head of article. Also, please sign your name as well as your pen name. EDITOR.

## SECOND HAND CLOTHING

Dr. J. G. Tye states that he has recently treated a case of itch which the patient states was caught from second-hand clothing which he had not sterilized before using. Dr. Tye states that all such clothing should undergo sterilization before being worn, unless the purchaser knows positively that it has been sterilized. Among diseases that can be caught are smallpox and in fact any contagious or infectious disease. An ounce of prevention is worth a pound of cure.

If you cannot do it one way, do it another. Get it done.

## BUILDING MATERIAL PRICES GREATLY REDUCED

Sweeping reductions in prices of Roofing, Plaster, Lumber and related products have just been put into effect by the Certain-teed, Products Corporation, makers of more than one-fourth of all prepared Roofing, and the largest manufacturer of its kind in the world. The reductions in some cases amount to as much as 30%.

Lower costs than those now prevailing have been anticipated and the new prices are based accordingly, reductions on many items being more than presents costs warrant, according to a statement accompanying the price cuts.

Calculation of new prices on the lowest anticipated replacement value of the materials that go into the manufacture of these products has been made to enable consumers and dealers everywhere to safely purchase their needs, it is explained.

"The channels of business have been clogged by an unwillingness on the part of some manufacturers, jobbers and dealers to take a loss on material which they have on hand and give the consumers the benefit of present values," the statement reads.

"The inauguration of a price policy of ignoring former costs will have the effect of stabilizing business conditions, it is contended by the Certain-teed Products Corporation.

"The public now has an opportunity to get bargain prices on the various products marketed by the Certain-teed Products Corporation," the statement reads. "If it develops that costs do not reach the low point anticipated it will necessitate an advance in prices later on."

Similar announcements are expected on many other lines, as business generally is recognizing that there is a big demand for merchandise thruout the country, there is plenty of money in the hands of the people and business is waiting only for prices to reach a level that will justify the confidence of the buying public, according to the statement.

## UNION COLLEGE NOTES

The students of the College Department expressed their Thanksgiving Wednesday of last week by giving an exceptionally fine program in the chapel. The stage was beautifully decorated for the occasion and the Orchestra gave a few selections. The program was enjoyed by all.

The recital given by Miss Heger's voice pupils on Monday evening was much enjoyed. Everything went well and we regret that three of the best numbers had to be left out on account of colds.

Everyone was much disappointed on Thanksgiving evening when our boys were defeated in a basketball game by our honorable opponents, Sue Bennett Memorial team from London. It was a fast game and both teams played well the score at the end of the first half being 11 to 11 but in the second half the Sue Bennets got the drop on our boys and when the game ended the score was 26 to 20 in favor of Sue Bennett.

The College Band and the basketball boys met the Sue Bennett boys at the train and marched with them to the campus. The band played for about forty-five minutes before the game. There was a big crowd.

The games were on in the gym as usual Saturday evening. Many took part while others talked with their friends but every body looks when the interesting game of "hot tag" starts.

Mrs. Wallace gave us a ripping good dinner on Thanksgiving during which the College Department toasted the Faculty, the Seniors, the girls and the boys. After dinner the College Quartet sang.

Mr. Hanser, our superintendent of grounds, now has the steam line to the gym completed and no one needs to worry about getting cold while watching basketball games.

Dean Ryder preached the Thanksgiving sermon at the Christian Church. The house was well filled and the sermon was enjoyed.

The new books which were put in the library are all on the shelves now and are being freely used as they should be.

President Franklin was out of town on Friday and Saturday of last week.

Oil and Gas Leases in any quantity desired at the Mountain Advocate Office.

## BUY CHRISTMAS SEALS

Christmas Seals for everybody will be on sale in all parts of Kentucky during December. The seals are one cent each—you can buy all you want at that price.

The sale of Christmas seals is conducted every year during the few weeks just before Christmas. The Kentucky Tuberculosis Association and the Knox County Red Cross Chapter are conducting the sale thru our county and all the money collected will be used to fight tuberculosis. Every Christmas seal you buy helps to take care of a case of tuberculosis, or to prevent the disease.

People in the cities and towns buy and use these tuberculosis Christmas seals to a great extent. Nearly everybody uses them to seal their letters during the Christmas and New Year season. The seals also help make Christmas packages more attractive. Farm folks who wait seals and are unable to get them in the country can order them from the Kentucky Tuberculosis Association, 532 West Main St., Louisville, Ky., or they can be found at the Jones Hotel in Barbourville where Mrs. M. L. Shively, chairman of the local sale, can supply you in any quantity.

It is estimated there are 40,000 cases of tuberculosis in Kentucky today and almost 4,000 persons die of tuberculosis in the state every year. The proceeds of the Christmas seals are used to take care of these cases and to prevent other cases.

Whether you want to buy Christmas seals or not if you want to know anything about tuberculosis and how to fight it in your neighborhood, write to the Kentucky Tuberculosis Association, call on your Health Department or your Health Nurse, Miss Effie Jump, and they will gladly give you information.

## ANNUAL SOCIAL

One of the most entertaining receptions of the season was given by the M. E. Ladies Aid Society at the home of Dr. and Mrs. John G. Tye on Main Street, Friday evening, November 26th.

The following splendid musical program was given:—  
Vocal Solo: "The Sunshine of your smile." —Mrs. Thomas B. Kaufman.

Piano Solo: "Blitzen." —Mrs. Hugh M. Oldfield.

After the guests were chosen by the two captains, Dr. Edward Faulkner and Mr. H. H. Owens, the fun started with the Peanut Race in which all the guests participated and lasted thruout the entire evening. In the various games played. All the contests and games were greatly enjoyed and the lucky winners were Prof. D. M. Humfleet in the "New Discoveries and Inventions," and H. H. Owens and Mrs. Mattie Baker in the "Turkey" contest.

During the roll call of the members each one told how the dollar she dropped in the basket was earned and this was very amusing in many instances. The amount given by the members including the volunteer offerings was about \$75.00.

Hand painted black and white turkeys were given as souvenirs and these helped find partners for the delicious refreshments. The menu consisted of salad, sandwiches, tea, pie, ice cream and cake. Miss Jess Wilson presented the guests with sprigs of holly as they left the dining room.

The reception hall, the living room and the dining room were attractively decorated with cut flowers, ferns and holly. The dining table had for its centerpiece a tall cut glass vase filled with gorgeous yellow chrysanthemums.

Fifty persons were present to enjoy the gracious hospitality of the charming hostess, Mrs. Tye. The entertainment committee—Mrs. J. D. Tuggle, Mrs. James Kaufman and Mrs. Hugh M. Oldfield—is to be complimented for the "good time" every one had. The Society, under the efficient leadership of Miss Gertrude Black, is experiencing a most successful year's work.

Mr. and Mrs. Leroy Brown, of Varrilla, spent Thanksgiving with their daughters, Mrs. Geo. F. Tinsley and Miss Margery Brown.

Mrs. John M. Tinsley and Miss Maud Farmer spent last week in Harlan keeping house for Mrs. Chas. Cole while she attended the wedding of her sister, Miss Floraella Stephens, in Indianapolis.

## JUDGE ROBSON CHIEF SPEAKER

Congressman John M. Robson was the chief speaker at the Armistice Day memorial exercises held at Wardman Park, in Washington City, last Sunday, and it goes without saying that he delivered a most excellent address.

There is no Congressman in the entire list of the 435 who enjoys a more pleasant social acquaintance in Washington than does Judge Robson, and should he attempt to accept all the invitations that are extended to him to speak or lecture, his time would be all taken up in that line of work. —The Republican.

## Belgian Hares

The Belgian hare is of a mahogany color, with wide black markings on the ears and wavy black ticking on the body; no sign of white should appear, even on the feet. There are several varieties of Flemish Giant, one being steel gray with the under part of the body nearly white, another more nearly white, another more nearly brown than gray, and another black. White Giants are pure white with pink eyes.

Grecian Girl Provides the Home. In some parts of Greece no girl can ever hope to find a husband until she has a home of her own. Hence, providing his daughters with houses is an onerous duty which falls to the lot of every father.

## SONG RECITAL - UNION COLLEGE

The first recital of the voice pupils of Miss Mabelle Heger, director of the Conservatory of Music at Union College, was given Monday night. The program was well arranged and showed work with careful training on the part of those taking part. The more advanced pupils did very creditable work while all of the beginners showed possibilities of doing much greater things when they have been able to continue under the careful direction of Miss Heger, who herself is a vocalist of great power and charm.

Miss Mae Carter is always a most pleasing accompanist—a position in which skill and sympathy are combined. Not all good pianists can satisfactorily fill this difficult position as Miss Carter does.

## AS IT APPEARS.

The bishop of Birmingham, speaking  
on the subject of church-going, told of  
an old man saying to another: "What  
is there in church-going and his wife  
as they way to church. I wonder  
what's up?"

"It's either," said the second old  
man, "that Thompson has another at-  
tack of heart trouble or else Mrs.  
Thompson has got a new dress."—Bos-  
ton Transcript.

## Embarrassments.

"Riches do not always bring happi-  
ness."

"Ains, how true!" exclaimed Senator  
Borah. "Many a man who has ac-  
cumulated rapid wealth has had to  
work harder explaining how he got it  
than a man who is toiling along at  
day wages."

Now, Did the Brute Mean—  
"It has been a long while since we  
met, Miss—"

"Oh, I'm no longer 'Miss.'"  
"Married? Really?"  
"Yes—and divorced."  
"You don't say! And who is the  
happy man?"

## HUSBAND HAD TO DO THE COOKING

Carey Says Wife Was Given Too  
Weak To Take Care Of Her-  
Self Before Taking Tanlac.

"Yes, Sir, Tanlac built my wife  
right up after everything else failed  
and made a new woman of her,"  
said Martin J. Carey, living at  
913 Sheehy St., Youngstown, O., re-  
cently.

"She had been in wretched health  
for two years before she began tak-  
ing Tanlac, and had gone down hill  
until she couldn't do her housework  
nor even care for the children. Much  
of the time I'd have to get our  
meals and get the children ready for  
school before I started for work,  
and go away and leave her in bed,  
too sick even to take care of herself.

"Her stomach and liver were in  
an awful bad fix; the poison got all  
thru her system and she suffered all  
the time. Nothing we did for her  
seemed to do her any good, and she  
kept going from bad to worse and  
getting weaker all the time. She  
was terribly nervous and slept only  
a little while at a time and I had to  
be up with her all hours of the  
night.

"She scarcely had any appetite  
and what little she did eat didn't  
agree with her. After eating she  
would have most distressing pains  
in her stomach and these would last  
for hours at a time. It hurt me to  
see her suffer and not be able to  
help her.

"When it seemed she would never  
take a turn to get well we read a  
testimonial that fit her case almost  
exactly, and I lost no time in buying  
her a bottle. She had not taken  
half the first bottle till I saw it was  
helping her, and I don't know which  
one of us was the happiest.

"She kept right on getting better  
and by the time she had taken four  
bottles she had gained nine pounds  
and was a well woman. Now she  
does all her work, does the cooking,  
and looks after the children just as  
she did before she got sick and does  
not have an ache or a pain.

"I honestly believe Tanlac is the  
best medicine made, and I never let  
an opportunity slip to speak a good  
word for it."

Tanlac is sold in Barbourville at  
the Cut-Rate-Drug Store; in Artemus  
by J. G. Haskin and in Perman  
by N. J. Faulkner & Co.—Adv't.

## An Appeal

To the Republicans of the Country and  
All Those Who Aided Them:

The Republican success in the 1920 election has been com-  
mensurate with the quality of our candidates and the  
righteousness of our cause.

This success is the partnership accomplishment of all Re-  
publicans everywhere and of hundreds of thousands of  
well-wishers of good government regardless of past  
party affiliations.

To all of these we now appeal, because it is the mutual  
responsibility of us all who will share alike in the con-  
sequent mutual benefit of good government.

The plan of limiting campaign contributions to \$1,000,  
adopted by your national organization, has left your  
party unmortgaged.

It has been a most advanced step in placing the business of  
politics on the highest plane, and has brought an interest  
on the part of thousands who never before have been  
concerned with politics.

Some weeks before election it was apparent that the ex-  
penses provided for in our budget, with the strictest  
economy, would exceed the contributions, but we were  
unwilling either to leave undone any legitimate effort  
essential to complete success or to change the method  
of raising money. We were then sure and we are now  
sure that every Republican desires that the expenses of  
the campaign be distributed in this manner.

Your presidential campaign this year cost no more than that  
of 1916, when a dollar went nearly twice as far as it  
does today.

Four years ago the bulk of the campaign fund came from  
750 contributors, while this year the approximately  
\$2,000,000 contributed to date for the presidential  
election has come from 50,000 givers.

The victory won, the raising of the deficit would be easy,  
indeed, if your committee were willing to abandon the  
policy of keeping down the average of contribution.  
This we are determined not to do. It was a fight of  
all the people. The result speaks for itself. It lifted  
a burden from the minds of millions and points the  
way to better and happier days. We ask now for that  
additional help from all which is merited both by the  
successful conclusion of the effort and by the consequent  
contribution to the welfare of all of our people and the  
glory of the nation.

Let us now have help from every American who is grateful  
for the victory and all that it means to the country. It  
might well be in the nature of a thanksgiving offering  
for the return to a certainly safe, sane, constitutional  
progressive government.

Let us by general and generous giving put the seal of ap-  
proval upon the policy of putting a national administra-  
tion in power free from any possible embarrassment of  
special obligation to any man, men or group of men.  
Let us make the contribution, whether large or small,  
and whether or not we have heretofore given, com-  
mensurate with our means and our appreciation, always  
within the maximum limit heretofore fixed.

Let us get our names on the cornerstone of a sturdier political  
structure, upon the roll of those who have helped make  
possible a campaign of which, in methods and result,  
we may as Republicans and patriots be justly proud.

Most earnestly we urge that this aid be given quickly, that  
your committee may be enabled to discharge the party's  
obligations and turn to further constructive work in be-  
half of party and country.

REPUBLICAN NATIONAL COMMITTEE,  
Will H. Hays, Chairman.

Checks should be made payable to Fred W. Upham,  
Treasurer, or James G. Blaine, Jr., Eastern Treas-  
urer, and sent to the Committee's Office, 19 West

## Velocity of Wind.

When wind travels at a speed of  
ninety miles an hour it becomes a hur-  
ricane, but it is on record that in tropi-  
cal countries storms have been known  
during which the wind reached a veloc-  
ity estimated at more than 600 miles  
an hour.

say the other day that she was going

Col. Lyttle of Manchester, is wondering. A fine turkey had been a calm member of the home for some time and had shown no disposition to become flighty. However, the day before Thanksgiving the bird soared and landed in a tall poplar tree, remaining there until after Thanksgiving when it returned to the yard. The question agitating Col. Lyttle's mind is as to whether that turkey knew the allies wished to dismember it and that it thereupon beat a strategic retreat.

## How a prospective mother prepared for baby's coming

Of all the vital adventures in life, the birth of a baby is the climax of nature's most wonderful evolution.

During this period, nature is supposed to be preparing the internal organism of a woman for a safe and speedy delivery; but it is more the exception than the rule when nature, unaided, performs her part at the crisis in a manner to relieve pain and contribute to comfort.

"I was afraid," writes a prospective mother, "until an experienced mother told me about MOTHER'S FRIEND."

"—but now I cannot recommend MOTHER'S FRIEND too highly for I know it helped me wonderfully, and I can almost say my baby was born without pain. At the present time I am using it again, as I do not want to go thru the ordeal without it."

Three generations of prospective mothers have used MOTHER'S FRIEND. When gently applied, during the period of expectancy, it soothes the fine network of nerves, lubricates the broad, flat, abdominal muscles and prepares the way for an easier, quicker and practical delivery.

For valuable booklet—"MOTHERHOOD and The BABY"—free, fill in coupon below and mail direct to the makers of MOTHER'S FRIEND.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

## ASSORTED CHIPS

Gratitude is always ready to offer some kind of excuse. Occasionally man gets rid of a bad habit by swapping it for a worse one. Real self-sacrifice is to be a benefactor without praise or gratitude. They are never alone who are accompanied with noble thoughts.—Sir Philip Sidney.

To the receptive soul the River of Life pauseth not, nor is diminished.—George Elliot.

A man who rides a hobby is in danger of riding rough shod over his acquaintances.

Experience is something one can seldom sell or even give away—in the form of advice.

Yes, Alfred, before marriage a woman is pensive, but after marriage she is expensive.

Why wouldn't the pink of propriety be an appropriate flower for our national emblem?

The Lord loveth a cheerful giver, and so does every man, woman and child on earth.

Most amiable man in the world can't be altogether so under a cross-examination in court.

Don't be hasty in jumping at a conclusion. You may not be able to collect your insurance.

If there are millions of people in a movement, the adherence of the foolish can't hurt it.

Fewer men would protest against drinking soda water if it weren't for the name of the stuff.

Although truth is stranger than fiction to many people, they don't seem to care for an introduction.

Youth decides everything by its prejudices; and learns painfully what a poor reasoner Judge Prejudice is.

## CAST ASIDE THE TEMPTER

Reason Why Student Could Not Be Forced From the Pathway of Stern Honesty.

Perspiration rolled down his brow as he desperately chewed his pencil and stared vacantly down at the blank sheet of paper before him. It was the final examination of his senior year at college. To fail in it meant that he could not graduate; that he would be disgraced; that his whole life would be ruined. Shudders involuntarily passed through him as he realized that he was a rank failure. The paper of the man on his left lay invitingly before his eyes. But he did not glance at it. One could plainly see that he was struggling valiantly against temptation and, though the effort was heartrending, he would sacrifice everything for the sake of honor.

No, he would not copy from the man on his left. The man on his right knew more.—London Tit-Bits.

### First Choice.

Down in Terre Haute there are two places of interest, to which every Terre Hautean takes his visiting friends—the Davis gardens and Highland Lawn cemetery. The other day a young society matron started to take her two visiting friends out for a drive. Now, her roadster was new and the way she drove it was exceedingly reckless. Near Main street she turned to the women and asked: "Now which place shall I take you first?"

The most frightened one turned to the other visitor: "Oh, tell her Davis gardens," she whispered. "I'm sure we'll get to the cemetery if she keeps up this sort of driving much farther."—Indianapolis News.

### Paging Herself.

While a member of a college society I was called upon one evening to act as recording secretary in the absence of the one elected to that office. After a short prayer, with which all programs were opened, I began to call the roll. When I came to my own name which I called several times, I waited so long for the "here" or "present" response that a smile and titter ran around the hall. I then became conscious of what I was doing, and proceeded to finish the roll call in a hurry.—Chicago Tribune.

### A Captious Critic.

B. L. T. criticizes a Transcript advertiser for saying that the furnished apartment is let to "ideal for man and wife or bride and groom." Why so fussy, old top? Everyone knows that a wedded pair are bride and groom until the honeymoon is over, and that often lasts quite a spell—until, in fact, she starts cooking or asks him for money.—Boston Transcript.

### Sixty-Year Old Apple Tree.

In 1858 a Missouri farmer decided that he wanted to take Greeley's advice and go west to do a little growing up with the country. He took with him a tiny apple tree growing on his farm, to see what luck it might bring him. From all appearances he made a wise move, for the tree is still growing and showering apples all over the orchard each year.

### Whaling in the Pacific.

South Georgia and the South Shetland Islands in the South Pacific are the centers of a great whaling industry which can be increased to much larger dimensions. The elephant seal also abounds, though the fur seal is almost extinct.

### Harmonious Episodes.

"Did you notice any unanimity of sentiment during the earlier sessions of the convention?" "On one point only," answered Senator Sorghum. "Everybody stood up when the band played 'The Star Spangled Banner.'"

## Women Who Suffer

Should find relief from their sufferings by taking the woman's temperance tonic and nerve, which has helped so many women, some of them right in your neighborhood. When the household cares and the worries of everyday life have dragged you down, made you unhappy, and there is nothing in life but headache, backache and worry, turn to the right prescription, one gotten up by Dr. Pierce fifty years ago, which has helped many thousands of women in this country. It is called Dr. Pierce's Favorite Prescription and can be had in every drug store in the land, in tablet or liquid form.

FRANKFORT, KY.—"After motherhood I had such miserable health for two years that I could not get around to do my own housework, most of the time I had to keep to my bed. My back ached and my nerves were in a terrible state. I doctored and took every medicine that was recommended to me, but it was not until I took Dr. Pierce's Favorite Prescription that I located the right medicine, and it very promptly relieved every symptom of feminine trouble, and eventually restored me to perfect health." MRS. DRUZY MERRIWETHER, No. 888 Wilkerson Street.

## Not Much of a Loss.

"Well, Brown, how ill you look! What's the matter?"  
"Oh, nothing much; losing weight, that's all. Lost 130 pounds of flesh in one day."  
"Impossible!"  
"Fact, I assure you. My wife has eloped with the next door neighbor."

## A Little Assistance.

"I've been trying so hard to make you like me," the young man said diffidently. "Have I—am I—making any progress?"  
"I don't know about progress," the coy maiden responded sweetly, "but I'm sure that if you really wish to you could find your own."

## Stung in Her Ambition.

"I think I've got infantile paralysis."

## Very Odd.

"It seems strange that there should be so much industrial disturbance caused by coal."  
"Yes, especially as by its very nature it must always be a minor issue."

## SO IT IS.

"Why do they say that speech is silver, but silence is golden?"  
"Well, for one reason, silence is very much rarer than speech."

## True.

Some of us sigh for worldly fame—And some for bread and honey; But life is very much the same, For most of us need money.

## We All Knew Him.

"He's very fond of music, isn't he?"  
"Well, judging by the willingness with which he responds to my request to sing I should say that he isn't."

## Inviting Trouble.

"I'm having trouble in supporting my wife."  
"You don't know what trouble is. Try not supporting her."

## The Reason Why.

"I hear young Flyer is going to reform. By the way, he is dead broke."  
"That accounts for his wanting to mend."

## DANGER IN DELAYS

Kidney Diseases are too Dangerous for Barbourville People to Neglect

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel and Bright's disease often follow in merciless succession. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in this locality.

Mrs. H. F. Davis, Maple St., Williamburg, Ky., says:—"My kidneys were in bad order and I had a soreness and dull aching across my back. Black specks seemed to float before my eyes and I had dizzy headaches. My ankles and wrists were swollen, sore and stiff. I used Doan's Kidney Pills as directed and they helped me in every way. The backaches left and I was free from headaches and dizziness and other symptoms of kidney troubles."
